

SEA COAST ECHO, FRIDAY, MARCH 27, 1953

Mrs. Noto Elected W. B. A. President

Mrs. Fay Arguelles of Biloxi, District Deputy of the Woman's Benefit Association held a business meeting of the Bay St. Louis Review No. 10, W. B. A. at the home of Mrs. Nellie Nelson last week.

Officers elected for 1953 were Mrs. Leticia Noto, president; Mrs. Elma Thibault, vice-president; Miss Frances Faucetta, treasurer; Mrs. Margaret Johnson, Chaplain; Mrs. Iva Monti, lady of ceremonies; and Mrs. Elsie Grant, recording secretary.

Mrs. Nellie F. Nelson was re-appointed financial secretary for Review No. 10 and Gulfport Review No. 9. Her appointment was received from Mrs. Hobbs, supreme president.

The following resolution, in memory of Mrs. Agatha Bourgeois, deceased member.

Whereas, on the 26th day of February 1953, the gentle spirit of Mrs. Edna Agatha Bourgeois, slipped away to her heavenly home.

Her passing has brought deep sorrow to her family and all who knew her.

We, the members of the American Legion Auxiliary, Clermont R. Bontemps, Number 139, of Bay Saint Louis, Mississippi, wish to express our sympathy to her loved ones, and of our deep sense of loss.

Until her health began to fail she was an active and faithful member of not only the Auxiliary, but of her church and other civic organizations in her community.

Her loving spirit of cheerfulness, and prayers will live on in the lives of those who have known and loved her.

Therefore, be it Resolved; That we humbly submit to the will of our Heavenly Father; that we pay tribute of love and respect to her, whose memory we shall always hold dear.

Be it further resolved, that a copy of these resolutions be spread upon the minutes of the Auxiliary and a copy be sent to each of the local papers for publication, and a copy to members of her family, assuring them of Christian love and prayers.

Mrs. Claiborne Ladner, Pres. Mrs. Jos. Compretta, Rec-Sec. Mrs. Nellie F. Nelson, Secretary Community Service American Legion Auxiliary, Clermont Bontemps, No. 139.

Chimp To Perform At Jitney-Jungle

JACKIE, THE CHIMPANZEE, 4:00, 5:00 and 6:00 p. m. Tues. JACKIE, THE CHIMPANZEE, will appear in Bay St. Louis at 4:00, 5:00 and 6:00 p. m. Tuesday's small fry will see Jackie—a lovable, two year old chimpanzee—perform free at the Jitney-Jungle here in Bay St. Louis.

Jackie's owner and trainer is Mark Anthony, Cedar Rapids, Iowa, and he is appearing here as a part of a special tour sponsored by the National Oats Company, manufacturers of 3-Minute Pop Corn.

Jackie arrived in America about a year ago from Liberia, Africa, having been purchased by Mr. Anthony through a New York importer.

In the anthropoid ape family, Jackie and her ancestors rank third in size. The gorillas are first, orangutangs second, the chimpanzees next, the gibbons last.

Today, two year old Jackie weighs 27 pounds, stands about three feet tall. When she attains maturity, she will be about five feet tall and will weigh 150 to 200 pounds. Because she is a female, Jackie is easier to handle than male members of her family.

She works now without a leash, although one may be necessary in later years. In captivity, Jackie's life span will range up to 35 years unless illness strikes her. Like the rest of the members of her great family, Jackie is highly susceptible to lung trouble, colds, pneumonia and tuberculosis. This affectionate little chimp has had only one cold since her arrival in America but it took 20 shots of penicillin to rid her of the infection.

Jackie has been "on the road" in the southwestern part of the country since last August, except for a visit home over the holiday period.

In San Antonio, shortly before Christmas, Jackie had a near brush with death. She was exercising in a tree at a car wash stand where an electric wire hung nearby. When her trainer's attention was diverted momentarily, Jackie grabbed a wire with one hand, then grounded herself by seizing another with both feet. The resulting jolt flung her 25 feet to the ground. She lay there, her heart and breathing stopped. A scoutmaster at the scene, used artificial respiration to revive her. She suffered severe burns on her feet and one hand. This accident prompted her "vacation."

Big New Rural Telephone Project Will Serve Wide Area Of Tunica County Construction Underway Will Provide Over 100 New Telephones; Cost More Than \$70,000

TUNICA—Approximately 105 more rural homes and business houses in a wide area of Tunica County will receive modern rural telephone service upon completion, by the Southern Bell Telephone and Telegraph Company, of the big project now under construction south of here.

All of these new rural telephones will be connected to the Tunica exchange, according to E. R. Jenkins of Clarksdale, Group Manager for Southern Bell. They will be considered a part of that exchange and the monthly rate paid by any customers having one of these telephones will entitle them to an unlimited number of calls to any other customers connected to the Tunica exchange without additional charges.

Rural residents of more than 150 square miles of the county will be served by the new facilities. This area includes the communities of Little Texas, Clayton, Maud, Dundee, Dubbs and many others.

In January 1946 only 76 rural customers were connected to the Tunica exchange, but construction since then, mostly in the north end of the county, has increased the number of rural customers served out of the Tunica exchange to 147. The 105 telephones to be added by the project now under construction in the southern section of the county will bring the total number of rural telephones attached to the exchange at Tunica at approximately 250.

The big job now under way will require about 400 new poles, approximately 900 cross-arms and over 700 miles of aerial wire and wire in cables along with much other material. In addition, telephone facilities will be placed on several hundred poles of the Cosmo Electric Power Association on a joint-use rental agreement between the two companies.

Total cost of the Tunica project will be approximately \$70,000. It is one of about 100 rural telephone projects which Southern Bell plans to complete in Mississippi this year to provide rural residents of the State with an additional 5,000 telephones. According to officials of the telephone Company, additional rural telephone developments in Mississippi this year will cost about 2 1/2 million dollars.

Mr. Zengering was taken to King's Daughters hospital for treatment.

FOREIGN POLICY

Such controversial issues as the reduction of taxation, the balancing of the budget, and the extension of social security benefits as well as the bolstering of farm commodities continue to be among the matters occupying the minds of official Washington. But underneath all of these issues lies smoldering the big issue of Korea and world peace. The realization of Russia's real objective—the destruction of America's economy—is slowly but surely registering itself in the minds of those charged with the conduct of our foreign affairs.

Monday, March 16th, we addressed the House on this subject as follows: "Mr. Speaker, if there were any doubt in the minds of those in charge of our foreign policy or that matter of just the ordinary layman as to what the policy of the new Soviet regime is to be, that doubt should now be dispelled."

"The Supreme Soviet met in Moscow yesterday. The new dictator, Georgi Malenkov, told his predecessor, Dictator Stalin, committed many warlike gestures and aggressions. We get again the picture of the masters of the Kremlin holding the olive branch in one hand and pulling the strings of international discord with the other. Yes, the pattern is the same with the exception of new faces in the picture. Peace propaganda is broadcast while at the same time our innocent planes are being shot down from the skies."

"Mr. Speaker, it has now been some 2 years since American and allied leaders were lulled into a false sense of security and misled into giving up the advantages gained in Korea at the expense of so much American blood by a simple suggestion of one of the Kremlin's hirelings, Malik, that there was no reason why a truce should not be had in Korea. At this time, we took this

floor to admonish our leaders that this was nothing more than a Trojan horse. We regret exceedingly that this prophecy proves to be correct.

"Surely, Mr. Speaker, our leadership will not forever remain blind to the real purpose and design of the Kremlin, the destruction of our economy. We repeat again what we have pointed out on this floor and elsewhere over a period of the past 7 years:

"Russia wants neither war nor peace. Her real purpose is to bleed us white; and through the resultant chaos and confusion divide and conquer."

We must stop the policy of appeasement. We cannot indefinitely continue to play into the hands of the Kremlin masters by permitting them to always call the signals while we run the defensive plays. Somewhere along the line we are bound to take the initiative and put Russia on the defensive.

Red Cross Plans To Repatriate U. S. Prisoners in Korea

Faithful to its traditional concern for the welfare of prisoners of war, the American Red Cross made extensive plans for helping to repatriate our men held in North Korea, the plans to be put in effect as soon as the opposing forces agree upon armistice terms. "Lambert T. Boyd Jr., chairman of the 1953 fund campaign stated this week.

"We have also kept available in Korea for the immediate use of war prisoners, 7,000 standard food parcels, 4,000 food parcels for infants, and 15 camp medical kits, all assembled and packed by the American Red Cross," he said.

The American Red Cross continued to contribute clothing and medical supplies in behalf of Korean refugees as well as financial assistance needed by the Korean Red Cross to carry on medical and emergency relief programs for war victims. For a considerable period of time, the American Red Cross Public Health and welfare team helped the United Nations Civil Assistance Command in its relief and rehabilitation activities.

Disaster assistance, according to the chairman, in widely separated sections of the world highlighted the American Red Cross international activities program during the past year. Some \$200,000 worth of powdered milk and processed foods was distributed to victims of famine in India. An earthquake and a volcanic eruption caused widespread destruction and suffering in the Philippine Islands; the American Red Cross made a cash grant of \$25,000 to help meet the emergency needs of the victims. It also supplied approximately \$15,000 worth of clothing and other necessities to help meet the emergency needs of 40,000 sufferers from an earthquake and tidal wave in Japan.

The chairman urges everyone to make their contribution now and ANSWER THE CALL.

KERN SUMMER SCHOOL OPENS JUNE SIXTEENTH

Headmaster of the Kern School, located at 923 East Beach in Pass Christian, announces that a summer school program will begin June 16 and continue through August 7.

The summer session offers individual instruction in elementary and high school subjects and a complete course in accelerated reading for all levels.

Albert Kern says "Poor reading, which makes for slow reading, poor comprehension, weak vocabularies, etc. accounts for almost 85% of all academic failures." Mr. Kern looks upon reading as a skill that should be developed and trained. He offers a remedial reading course for the retarded reader.

The beautifully appointed Kern school overlooks the Gulf of Mexico and has the advantage of cooling breezes, high ceilings and many shade trees. In this delightful home-like atmosphere students are free from strain and education takes place in a natural and happy fashion. A series of nationally recognized tests are given in order that instructors and parents may get comprehensive picture of each student's personality including intelligence quotient, achievement and aptitude. These tests point out individual needs, interests, and abilities and students receive stimulation and encouragement. No student is "pushed" at Kern school, but each one is allowed to set his own pace of learning. Records show most students set their pace far above normal requirements.

Headmaster Kern says during a summer term an elementary student can easily complete a half year's prescribed work, and a high school student is allowed three subjects.

Summer school hours begin at 8:30 a. m. and end at 12:30 noon. In this way students have free time to enjoy the summer vacation activities. Both boys and girls are accepted in Kern's Summer School, however, only boys are boarded at the school.

Another splendid service Kern School offers is a series of tests which will be given individually over a two-day period at a fee of fifteen dollars. These tests will be given anyone desiring them regardless of whether or not a student of the school. The tests are multi-purpose and may be invaluable to parents and guardians in making the selection of courses or schools best suited for individual need. Results of the tests are also helpful for use by instructors.

Kern's Camp for Boys, located in Bay Saint Louis on the Jordan River will be open from June until September. Campers who wish to take courses in the summer school will be given transportation daily from camp to school. No extra charge for schooling to campers.

The camp offers an exceptionally fine balance of sports and nature study. It is designed to meet the physical, mental and spiritual needs of the boys. Included in the summer sports are hiking, picnicking, hunting, horseback riding, tracking and trailing, camping, baseball, tennis, golf, archery, softball, badminton, basketball, horseshoes, quoits, marbles, kitting, croquet, ping-pong, fishing, and boating. Arts and crafts include beadwork, metal work, wood work, weaving, molding, leather work, drawing, painting and knots. And just for fun and recreation there are corn roasts, watermelon cuttings, motion pictures, barbecues, wicker roasts, shuffleboard, music appreciation and camp singing.

Mr. Kern says "The underlying philosophy of Kern's Camp for Boys is lots of wholesome fun, but with it some worthwhile stimulating things—stimulating his ambition, giving him confidence, strength of character and improving his physique."

Fresh off the press is the new summer literature for Kern's Camp and School. Actual photographs give views of the students engaged in various activities peculiar to camp and school routine. "Of this we are certain," stated Mr. Kern, "No stu-

dent gets BORED in Kern's school or camp."

EPISCOPAL CHURCH PLANS ELABORATE EASTER SERVICES

Trinity Episcopal Church will celebrate Palm Sunday with special music at the eleven o'clock service at which time the Junior Choir will lead the singing. A solo, "The Palms," will be rendered by Roy Capehart, and Dr. Willis Gaylord Clark, Rector of the church, has prepared an appropriate sermon.

Palm Sunday worshipers for the Holy Easter Services which begin with a 7:30 Communion in the church and will be followed by the Special Easter Festival at 11:00 a. m. A vested men and boys choir will feature Easter hymns and the anthem "He Is Risen," by Hall will be sung. Choir music is under the direction of Mrs. Richard O. Heistand. At the eleven o'clock service Dr. Clark will deliver his Easter address which has been termed by the vestry as a "masterpiece."

On Easter morning there will be no Sunday school classes, however, the children will meet at the church at 5:00 p. m. for their customary Easter Sunday School Festival. At this time children bring flowers for the glorification of the Cross, and deliver their Lenten boxes to the altar. Adults are cordially invited to attend this service since it is one of most outstanding events for children in the church year. A rugged cross of plain wood standing some five feet in height is completely covered with small bunches of flowers which the children bring. The result is an awe-inspiring floral piece which is viewed throughout the remainder of the evening by visitors. The Boys' Vested Choir adds much beauty to the occasion.

Children of the Trinity Church will be given an Easter Egg Hunt on April 4 at four o'clock p. m. on the church grounds. Eggs for the hunt, as well as refreshments and other entertainment is supplied by the women of the church.

Big New Rural Telephone Project Will Serve Wide Area Of Tunica County Construction Underway Will Provide Over 100 New Telephones; Cost More Than \$70,000

TUNICA — Approximately 105 rural homes and business houses in a wide area of Tunica County will receive modern rural telephone service upon completion, by the Southern Bell Telephone and Telegraph Company, of the big project now under construction south of here.

All of these new rural telephones will be connected to the Tunica exchange, according to E. R. Jenkins of Clarksdale, Group Manager for Southern Bell. They will be considered a part of that exchange and the monthly rate paid by any customers having one of these telephones will entitle them to an unlimited number of calls to any other customers connected to the Tunica exchange without additional charges.

Rural residents of more than 150 square miles of the county will be served by the new facilities. This area includes the communities of Little Texas, Clayton, Maud, Dundee, Dubbs and many others.

In January 1946 only 76 rural customers were connected to the Tunica exchange, but construction since then, mostly in the north end of the county, has increased the number of rural customers served out of the Tunica exchange to 147. The 105 telephones to be added by the project now under construction in the southern section of the county will bring the total number of rural telephones attached to the exchange at Tunica at approximately 250.

The big job now under way will require about 400 new poles, approximately 900 cross arms and over 700 miles of aerial wire and wire in cables along with much other material. In addition, telephone facilities will be placed on several hundred poles of the Cahoma Electric Power Association on a joint-use rental agreement between the two companies.

Total cost of the Tunica project will be approximately \$70,000. It is one of about 100 rural telephone projects which Southern Bell plans to complete in Mississippi this year to provide rural residents of the State with an additional 5,000 telephones. According to officials of the telephone Company, additional rural telephone developments in Mississippi this year will cost about 2 1/2 million dollars.

FOREIGN POLICY

Such controversial issues as the reduction of taxation, the balancing of the budget, and the extension of social security benefits as well as the bolstering of farm commodities continue to be among the matters occupying the minds of official Washington. But underneath all of these issues lies smoldering the big issue of Korea and world peace. The realization of Russia's real objective—the destruction of America's economy—is slowly but surely registering itself in the minds of those charged with the conduct of our foreign affairs.

Monday, March 16th, we addressed the House on this subject as follows:

"Mr. Speaker, if there were any doubt in the minds of those in charge of our foreign policy or for that matter of just the ordinary layman as to what the policy of the new Soviet regime is to be, that doubt should now be dispelled.

"The Supreme Soviet met in Moscow yesterday. The new dictator, Georgi Malenkov, told his applauding hordes of delegates from behind the Iron Curtain that there are no controversial issues with the capitalist world that cannot be settled peacefully.

"Surely this propaganda has a familiar ring. It was to the tune of similar statements that his predecessor, Dictator Stalin, committed many warlike gestures and aggressions. We get again the picture of the masters of the Kremlin holding the olive branch in one hand and pulling the strings of international discord with the other. Yes, the pattern is the same with the exception of new faces in the picture. Peace propaganda is broadcast while at the same time our innocent planes are being shot down from the skies.

"Mr. Speaker, it has now been some 2 years since American and allied leaders were lulled into a false sense of security and misled into giving up the advantages gained in Korea at the expense of so much American blood by a simple suggestion of one of the Kremlin's hirelings, Malik, that there was no reason why a truce should not be had in Korea. At this time, we took this

"A winner and marshmallow roast was enjoyed by her 20 guests. Prizes were awarded for the games played.

floor to admonish our leaders that this was nothing more than a Trojan horse. We regret exceedingly that this prophecy proves to be correct.

"Surely, Mr. Speaker, our leadership will not forever remain blind to the real purpose and design of the Kremlin, the destruction of our economy. We repeat again what we have pointed out on this floor and elsewhere over a period of the past 7 years:

"Russia wants neither war nor peace. Her real purpose is to bleed us white; and through the resultant chaos and confusion divide and conquer."

We must stop the policy of appeasement. We cannot indefinitely continue to play into the hands of the Kremlin masters by permitting them to always call the signals while we run the defensive plays. Somewhere along the line we are bound to take the initiative and put Russia on the defensive.

Celebrates Birthday

Patricia Elaine Elliott, daughter of Mr. and Mrs. Russell Elliott, celebrated her fifth birthday with a party at the Top Hat Sunday, March 22.

A program in which the little guests participated and party games made up the afternoon's entertainment.

A long lace-covered table, held the birthday cake; large bowls of iris, sweet peas and fern were placed at either end. Easter candies in baskets, party hats and balloons were given as favors.

Patsy wore a party dress of orchid organza trimmed in lace and bows of the same shade. The cake trimmings matched the shade of her dress.

Approximately 100 children and mothers attended.

KERN SUMMER SCHOOL OPENS JUNE SIXTEENTH

Headmaster of the Kern School, located at 923 East Beach in Pass Christian, announces that a summer school program will begin June 16 and continue through August 7.

The summer session offers individual instruction in elementary and high school subjects and a complete course in accelerated reading for all levels.

Albert Kern says, "Poor reading, which makes for slow reading, poor comprehension, weak vocabularies, etc. accounts for almost 80% of all academic failures." Mr. Kern looks upon reading as a skill that should be developed and trained. He offers a remedial reading course for the retarded reader.

The beautifully appointed Kern school overlooks the Gulf of Mexico and has the advantage of cooling breezes, high ceilings and many shade trees. In this delightful home-like atmosphere students are free from strain and education takes place in a natural and happy fashion. A series of nationally recognized tests are given in order that instructors and parents may get comprehensive picture of each student's personality including intelligence quotient, achievement and aptitude. These tests point out individual needs, interests, and abilities and students receive stimulation and encouragement. No student is "pushed" at Kern school, but each one is allowed to set his own pace of learning. Records show most students set their pace far above normal requirements.

Headmaster Kern says during a summer term an elementary student can easily complete a half year's prescribed work, and a high school student is allowed three subjects.

Summer school hours begin at 8:30 a. m. and end at 12:30 noon. In this way students have free time to enjoy the summer vacation activities. Both boys and girls are accepted in Kern's Summer School, however, only boys are boarded at the school.

Another splendid service Kern School offers is a series of tests which will be given individually over a two-day period at a fee of fifteen dollars. These tests will be given anyone desiring them regardless of whether or not a student of the school. The tests are multi-purpose and may be invaluable to parents and guardians in making the selection of courses or schools best suited for individual need. Results of the tests are also helpful for use by instructors.

Kern's Camp for Boys, located in Bay Saint Louis on the Jordan River will be open from June until September. Campers who wish to take courses in the summer school will be given transportation daily from camp-to-school. No extra charge for schooling to campers.

The camp offers an exceptionally fine balance of sports and nature study. It is designed to meet the physical, mental and spiritual needs of the boys. Included in the summer sports are hiking, picnicking, hunting, horseback riding, tracking and trailing, camping, baseball, tennis, golf, archery, softball, badminton, basketball, horseshoes, croquet, ping-pong, fishing and boating. Arts and crafts include beadwork, metal work, wood work, weaving, molding, leather work, drawing, painting and knots. And just for fun and recreation there are corn roasts, watermelon cuttings, motion pictures, barbecues, water roasts, shuffleboard, music appreciation and camp singing.

Mr. Kern says "The underlying philosophy of Kern's Camp for Boys is lots of wholesome fun, but with it some worthwhile stimulating things—stirring his ambition, giving him confidence, strength of character and improving his physique."

Fresh off the press is the new summer literature for Kern's Camp and School. Actual photographs give views of the students engaged in various activities peculiar to camp and school routine. "Of this we are certain," stated Mr. Kern, "No student gets BORED in Kern's school or camp."

EPISCOPAL CHURCH PLANS ELABORATE EASTER SERVICES

Trinity Episcopal Church will celebrate Palm Sunday with special music at the eleven o'clock service at which time the Junior Choir will lead the singing. A solo, "The Palms," will be rendered by Roy Capehart and Dr. Willis Gaylord Clark, Rector of the church, has prepared an appropriate sermon.

Palm Sunday worshipers for the Holy Easter Services which begin with a 7:30 Communion in the church and will be followed by the Special Easter Festival at 11:00 a. m. A vested men and boys choir will feature Easter hymns and the anthem "He Is Risen," by Hall will be sung. Choir music is under the direction of Mrs. Richard O. Heistand. At the eleven o'clock service Dr. Clark will deliver his Easter address which has been termed by the vestry as a "masterpiece."

On Easter morning there will be no Sunday school classes, however, the children will meet at the church at 5:00 p. m. for their customary Easter Sunday School Festival. At this time children bring flowers for the glorification of the Cross, and deliver their lenten boxes to the altar. Adults are cordially invited to attend this service since it is one of the most outstanding events for children in the church year. A rugged cross of plain wood standing some five feet in height is completely covered with small bunches of flowers which the children bring. The result is a two-inspiring floral piece which is viewed throughout the remainder of the evening by visitors. The Boys Vested Choir adds much beauty to the occasion.

Children of the Trinity Church will be given an Easter Egg Hunt on April 4 at four o'clock p. m. on the church grounds. Eggs for the hunt as well as refreshments and other entertainment is supplied by the women of the church.

P. T. A. OFFICERS ELECTION IN APRIL

Following announcement of those selected by the Nominating Committee, nominations from the floor will be in order. Candidates will be voted upon at the meeting and installation of officers will take place in May.

Superintendent of Schools Norman Hall said it was the understanding that these rules were to be posted prominently for the study of all interested and that a copy had been sent to the authorities of the St. Joseph's Parochial School. He said, in his opinion, the rules were tentative and would not be considered official until all interested had an opportunity to voice opinions.

The rules and regulations are printed below:

Laws are the rules men live by. When one becomes pretense, others will follow. Eventually there develops a general disrespect of all laws and of the officials who attempt to enforce them. In communities where this has happened, moral and spiritual decay are the inevitable results. It CAN happen here.

ON MARCH 31ST, Voters of George, Hancock, Harrison, Jackson and Stone Counties will elect a new District Attorney for the Second Circuit Court Judicial District. You have the opportunity of electing to this powerful office an outstanding, practicing attorney who has pledged himself to take the oath of office WITHOUT RESERVATIONS. It is an HONEST PLEDGE.

Consider closely the issues in this election. Hear his story, and, on MARCH 31ST, ELECT

Thomas L. Wallace Your District Attorney

— PERSONAL HISTORY —

Thomas L. Wallace is pictured above testifying at a hearing before Mississippi's Governor Hugh White and Attorney General J. P. Coleman in Jackson in February 1952.

Wallace, as attorney and secretary of the Harrison County Crime Commission, led a large delegation of South Mississippians to the Capital City to enlist the aid of state officials in a Coast clean-up.

Thomas L. Wallace is a 41-year old practicing attorney of Biloxi. He was born in Mississippi City, between Gulfport and Biloxi, a son of the late W. L. (Billy) Wallace and Jane Brunson Wallace. He is married and has one young son.

He was educated in the public schools of Gulfport, Lumberton and St. Stanislaus College in Bay St. Louis.

He earned his law degree at the Washington College of Law in night school while working for the Federal Government.

After graduating in 1941, he volunteered in the U. S. Navy and served in combat areas aboard ship for over four years.

Thomas L. Wallace was practically born into law; his father was a law writer and his mother court-reporter. He is a most able attorney, and has been engaged in the private practice of law in Biloxi since 1948.

He is a member of the Biloxi Lions Club, the Harrison County-Crime Commission, and is a deacon in the Presbyterian Church of Biloxi.

As an honest, God-fearing citizen ac-

tively and earnestly interested in good government, Tom Wallace has lent his abilities to various groups of like-minded citizens dedicated to promoting and encouraging good government. Then, as now, however, public apathy was on the side of those who winked at lax and inconsistent enforcement and administration of the letter and spirit of the laws of the State.

It took a 1951 investigation by a subcommittee of the U. S. Senate into gambling and liquor, and evils attendant on their existence, around Keesler A. F. B. in Biloxi to shock the public conscience. In the wake of the investigation, the Harrison County Crime Commission was organized, and Thomas L. Wallace was one of the leaders in its formation. He served without pay as its secretary and attorney. Since its inception in 1951 and until his resignation in February 1953 to offer for the office of District Attorney. During this time, he spearheaded the efforts of the Commission in curbing commercialized gambling in Harrison County and in driving slot machines to cover.

Thomas L. Wallace has made one single pledge to the Voters he asks to elect them their District Attorney: "I will do my best to enforce every law on the statute books of the State of Mississippi."

The success of his efforts for law enforcement as a PRIVATE CITIZEN is positive proof of what he will do as DISTRICT ATTORNEY.

If you are tired of empty promises and want to see all the laws of our State enforced . . . And don't forget, This includes the liquor Law . . . of you want honest enforcement - without fear or favor, you owe it to yourself, your family and your neighbors to VOTE FOR LAW ENFORCEMENT on Tuesday, March 31st.

(Hear Tom Wallace discuss his campaign in more detail on radio station WVMJ every afternoon except Sunday at 4 p. m. - also at 5 p. m. Saturday, March 28th - 10:00 a. m. Sunday - 5 p. m. Monday and 6:45 a. m. on Election Day, Tuesday, March 31st.)

These Are Our
7 DEADLY ENEMIES!

Men are rightly afraid today of the rising tide of evil and uncertainty that sweeps the world.

We tremble at the menacing danger of the atomic bomb. We live in dread of another full-scale war... the remembered shadow of economic depression... the widespread prevalence of crime and immorality. We see these and other evils as threats to our peace and security, but we do not see them for what they truly are. And we overlook our most dangerous enemies.

Actually, the evils which afflict us are only symptoms of what ails us—only the results of causes which we allow to exist within ourselves. Back of them all is a basic human failure which many men choose to ignore, which others hold too lightly, and which some even try to glorify.

This basic failure is described in a single, simple and ugly word—sin. It is, seemingly, a reality which all of us should understand—a human failure which everyone should be able readily to evaluate. Unfortunately, however, many overlook the fact that the external acts of sinning are but the completion of offenses against God already committed internally.

These offenses are the sins of Pride, Anger, Sloth, Envy, Covetousness, Gluttony and Lust... the Seven Capital Sins—our seven deadliest enemies.

Pride and covetousness prompt men to seek vast power over their fellowmen. Greed and covetousness lead often to thievery of many sorts. Murder may be the product

of anger, greed, pride, lust, envy or covetousness. Sloth begets religious indifference and low moral standards. Every sinful act, in fact, may be traced to one of the Seven Capital Sins.

God dignified man with free will... the ability to choose God's way or his own—and Catholics, of course, encounter the same occasions of sinning as anyone else. But we have in the Church the means by which we can, with God's help, easily avoid the occasions of sin and conquer temptations before they conquer us.

The Catholic attitude on this question will be of great interest to you, even though you are not a Catholic. This information, based upon the nearly 2,000 years of experience of the Catholic Church, will be helpful to you in your own daily search for piety and peace of mind.

4-H Clubs Hold Rally Tuesday

Among the 4-H Clubs participating in the rally Tuesday were, Joe Thrash, upper left hand corner; students of Leetown school; and lower photo, a quartet, composed of Perry Lee, Larry Lee, Delano Lee and Joe Thrash, of Sellers school.

Four hundred and twenty-one 4-H Club boys and girls attended the County-wide Club Rally held at the Bay High Auditorium Tuesday, March 24.

The first 4-H Club Rally held in 13 years was a tremendous success with 421 out of a total enrollment of 505 attending. The boys and girls came from schools all over the county, including Bay High, and assembled at 9:30 on the Youth Center grounds for the parade and the day's program.

The parade, led by St. Stanislaus band, went down Carroll avenue to the beach and down the beach to Main street, then to Second and up Second back to the auditorium at the high school at which time the day's events began.

The program was called to order by Joe Thrash, Master of Ceremonies, a member of the Sellers 4-H Club. The invocation was given by Rev. Charles Schultz, pastor of the Bay St. Louis Methodist church. After this, the Pledge of Allegiance to the flag of the United States by the entire group, then the National Anthem, followed by the 4-H Pledge. The Welcome to the project.

Bay High School was made by S. J. Ingram, Superintendent of City Schools, followed by Warren Carver, Mayor, who welcomed the 4-Hers to the City of Bay St. Louis. Following this Kenneth Whitfield made a short address representing the Chamber of Commerce.

A response to these remarks was made by Shirley Miller, president of Bay High Club in which she thanked Mr. Ingram, Mayor Carver and Mr. Whitfield for their words of expression and appreciation. She further stated that the 4-Hers wanted in turn to thank these people for wanting the youth of the County to have this event in Bay St. Louis.

The Master of Ceremonies then introduced the various guests among whom were the Extension Personnel, the 4-H Adult Leaders and School Leaders.

Each school in the county prepared a short skit or program not to exceed 15 minutes with Bay High being the first to give theirs. These were followed in alphabetical order with Clermont Harbor, then Dedaux, Gulfview, Kiln, Leetown, Logtown, Sellers and Waveland.

Two outstanding events were the team from Logtown which gave a catchy vocal number and the boys quartet from Sellers which rendered three numbers. After the completion of all

programs, the group adjourned for a picnic lunch. After lunch they reassembled in the auditorium for awarding of prizes.

Prizes were awarded the three highest scoring 4-H Clubs, the score being based on the manner of dress (whether in uniform or not) their participation in the parade including their banner, their conduct and the program presented. First place was awarded to Logtown, second to Leetown and third to Bay High. Honorable mention was given to Clermont Harbor for the youngest club with every member in full uniform.

After the awarding of prizes, the 4-H Club members adjourned and returned to their various schools feeling the day had been a success and looking forward to an even greater event next year.

4-H Club work of the county

Extension office is composed of Howard F. Simmons, County Agent; Sarah L. Weaver, Home Demonstration Agent and Alton A. Barber, Assistant County Agent.

PASS HIGH SENIORS TO VISIT COLLEGES

The 23 members of the graduating class of Pass High will celebrate "Seniors' Day" by attending Perkinson Junior College on Thursday and Mississippi Southern College on Friday. There will be an inspection tour of the colleges and teachers will be available for consultations. Superintendent of schools, Norman Hall, says he believes this practice of seniors visiting colleges will help them to decide what school will best fit their plans for higher education.
